Chromebooks

Starting the week of 9/5 our Community will work together to gain the digital citizenship skills to start safely utilizing Chromebooks. We will send further details regarding fee schedules for on-purpose or accidental damage as these Chromebooks are on loan through the DPS MyTech program. Students will plug in their Chromebooks before they leave to ensure they are charged for the next day!

Progress Reports

The week of 9/11 Learning Community Mentor Teachers will be sharing September Progress Reports. Please be on the look out for the paper copy that will come home with your student. Call the front office to request a emailed copy.
