Families!

We have **HUGE NEWS!!!!!!**

We are GREEN!!!!

The Colorado Department of Education School Performance Framework, or SPF, measures aspects of what we know makes a great school – such as how much students have improved their scores on state tests from year to year. The SPF allows DPS to know where a school is making progress and to identify areas to focus on for improvement.

For the first time ever, Bear Valley International School is a GREEN school. This means we have met state and district expectations in Reading, Writing, Math, Science and our ACCESS test for our Multi Language Learners!!!

Families, this is HUGE news for the Bear Valley Community. We have been recognized in the district for our gains and you can be assured that your student is attending a school that is making gains for your students.

We are in the planning stages of a Community Picnic. We are definitely going to CELEBRATE THIS HUGE SUCCESS!!!!!!

I am incredibly proud of the work we have done at BVIS. THANK YOU for your support and trust in us always doing what is best for your students,

ATTENDANCE MATTERS!

Students at BVIS should arrive by 8:40 am, seated by 8:50 am with necessary materials, promoting responsibility and discipline for a productive learning environment. Parents' support is essential, and BVIS provides morning routine assistance to aid in education and future goals.

COLLABRATIVE SCHOOL COMMITTEE - WE NEED U!

Mark your calendars and join our first Collaborative School Committee meeting on **Thursday, September 26th at 5:00 pm**

These meetings allow all our community stakeholders to share your feedback and ideas for improving our school and supporting our community.

We need to hear your VOICES!

Chromebooks

Our community has been hard at work building digital citizenship skills for safe Chromebook use. It's crucial to ensure students are #yetiready to be responsible with the district-provided device.

Note that fees of up to \$100 may be charged for vandalism or deliberate damage.
